All Members,

Sub:- Guidelines for Net Settlement of Capital Market segment and Futures & Options (F&O) segment upon expiry of stock derivatives

This has reference to SEBI circular SEBI/HO/MRD2_DCAP/P/CIR/2022/165 dated November 30, 2022, NCL circular NCL/CMPT/54663, dated November 30, 2022, and NCL consolidated circular NCL/CMPT/55098, dated January 02, 2023. In view of the same the guidelines for net settlements are as below:

a) Netting of Obligations:

- 1. Obligations in physical settlement of F&O segment for a particular expiry shall be netted with Obligations in Capital Market segment of corresponding trade date.
- 2. The obligation shall be netted where the clearing member-trading member-client (UCC Code) is common across Capital Market and F&O segments for the same security. The netting shall not be done where trading member clears trades through different Clearing Member / Clearing Corporation (Example of Netting Provided in Annexure A)
- 3. There shall be no change in computation of STT and Stamp duty and the same shall continue to be levied for F&O physical and Capital Market separately as per the existing mechanism.

b) Securities settlement:

- 1. The net sell or buy obligations shall be settled in Capital Market segment in settlement/market type and settlement number of Capital Market segment only.
- 2. Going forward NSE Clearing Ltd. (NCL) shall not issue separate settlement calendar for F&O physical settlement and F&O physical Auction market.

- 3. Clearing members in F&O shall henceforth provide requests for voluntary auction for internal shortages of F&O physical in settlement type, settlement number and security series applicable in Capital market as per format specified in Annexure B.
- 4. Auto DO instructions shall not be provided by NCL with respect to incremental delivery obligation for members/ custodians/ PCM, on T+1 day, on account of trades rejected by custodians in Capital Market segment. Members/ Custodians shall ensure that they provide manual pay-in instructions for such incremental obligation.

c) Funds Settlement:

- 1. Funds settlement shall happen from settlement bank account of Capital Market segment. Clearing members should ensure to maintain active settlement account in the capital market segment. For clearing members who have not designated NCL as clearing corporation in Capital Market Segment, clearing members shall be required to open separate account for settlement and inform the same to clearing corporation.
- 2. In case of fund shortages, the shortages shall be apportioned on the basis of the segment-wise obligation of clearing member to NCL, on a pro-rata basis, to take action on shortages. The losses, if any, in case of default of a clearing member to NCL shall be computed on the basis of the segment-wise obligation of clearing member to NCL, on a pro-rata basis.

d) Margin benefit for offsetting positions:

- 1. The positions in stocks derivative contracts that are converted to settlement by delivery on expiry in F&O segment and obligations in the underlying Capital Market segment shall be allowed margin benefit to the extent of offsetting positions.
- 2. Such margin benefit shall be allowed only if the offsetting positions in a security at clearing member-trading member-client (UCC) are common across Capital Market and F&O segments.
- 4. Margin benefit shall be provided on total margins in Capital Market segment and on delivery margins in F&O Segment. (Example of benefit in margins is provided in Annexure C)
- 5. The margins on the residual positions (post netting) shall continue to be applicable in the respective segments.

e) Early Pay-in (EPI) of Funds/Securities:

- Members may provide early pay-in of funds from settlement bank account as mentioned in (c) (1) above towards Capital Market segment settlement type only. The benefit of early pay-in shall be provided as per below order
 - i. Early pay-in of funds shall be first considered in Capital Market segment.
 - Residual amount of EPI of funds allocated at client/client-security level, if any, shall be considered towards net buy obligations in F&O segment under the same clearing member-trading member-client at such client level/client-security level, as the case may be.
- 2. Early pay-in of securities for net sell obligation by way of block mechanism / pool mechanism and client epi allocation request for pool epi shall be provided in market type and settlement number of Capital Market segment only.
 - i. In case of upload of client EPI allocation file the members shall specify series as applicable in capital market segment, for allocation of epi of securities done from pool route.
 - ii. Benefit Early pay-in of securities shall be first provided in Capital Market segment.
 - iii. Residual Benefit early pay-in of securities, if any, shall then be considered towards net sell obligations in F&O segment under the same Clearing member-Trading member-Client at such security level.
- 3. Early pay-in of funds/securities in a segment shall be considered towards net obligations after considering the offsetting positions as mentioned in (d) above.

f) Reports:

- 1. Existing Obligation reports (FOBG) before netting shall continue to be provided to members in Capital Market and F&O segments.
- 2. Additional report with net obligation across Capital Market and F&O Segments shall be downloaded to members. The file nomenclature and format shall be as given in Annexure D.
 - On T day / Expiry day, net obligation reports shall be downloaded after the cut off of OTR allocation in Capital Market segment.

- The obligation report shall be based on netted obligation of F&O segment and provisional obligation of Capital market segment based on deemed custodial confirmation for CP / OTR trades.
- There shall be no change in the obligation for such members who do not have CP/OTR trades in Capital Market Segment. For such members the report downloaded on T day / Expiry day shall be final obligation. No obligation report shall be downloaded to such members on T+1 day.
- For members who have CP/OTR trades in Capital Market Segment, in case of change in obligation due to rejection/ non-confirmation of any CP/OTR trades by custodian any time up to T+1 confirmation window, revised obligation report shall be downloaded only for such impacted members and custodians on T+1 day, else report downloaded on T day / Expiry day shall be final obligations
- 3. Delivery reports (DLVR) report for Capital Market segment shall be generated based on final netted delivery obligation.
- 4. Reports specified in Annexure E shall be discontinued.

g) Do not Exercise facility:

The facility of do not exercise available for stock options on expiry date shall be discontinued.

The above changes shall be effective from March 2023 expiry of F&O contracts. Members are requested to take note of the above.
